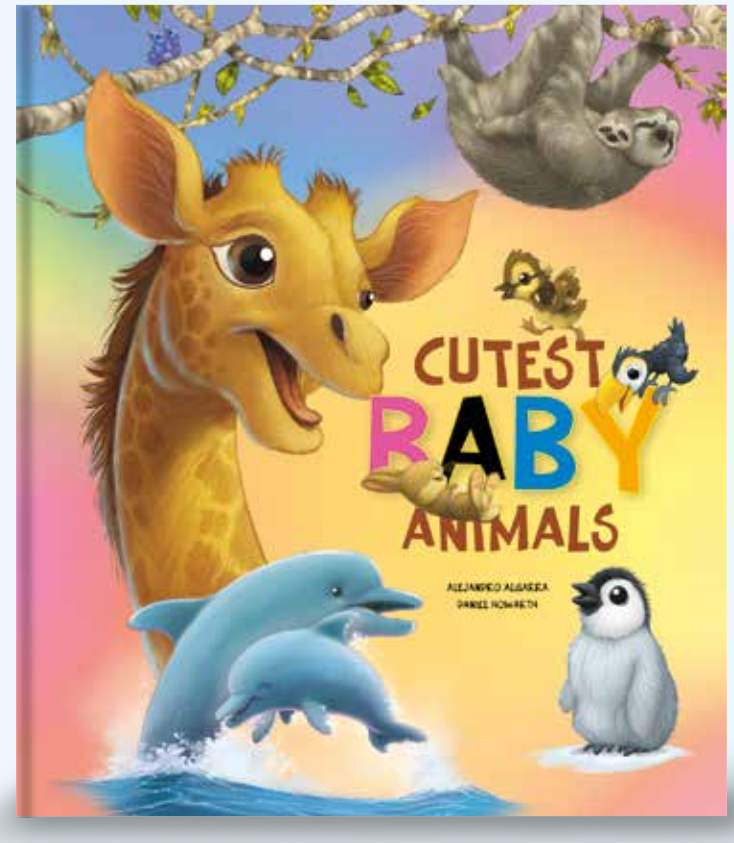
New Cutest baby animals



There are giant and tiny babies in the animal kingdom. Some of them look like their parents and others don't resemble them at all. There are adventurous babies that explore the world from day one and others that stay with their mommies for years. There is something they all share: they're all so adorable!

Learn the incredible stories of a bunch of baby animals

YOU WILL LOVE THEM!

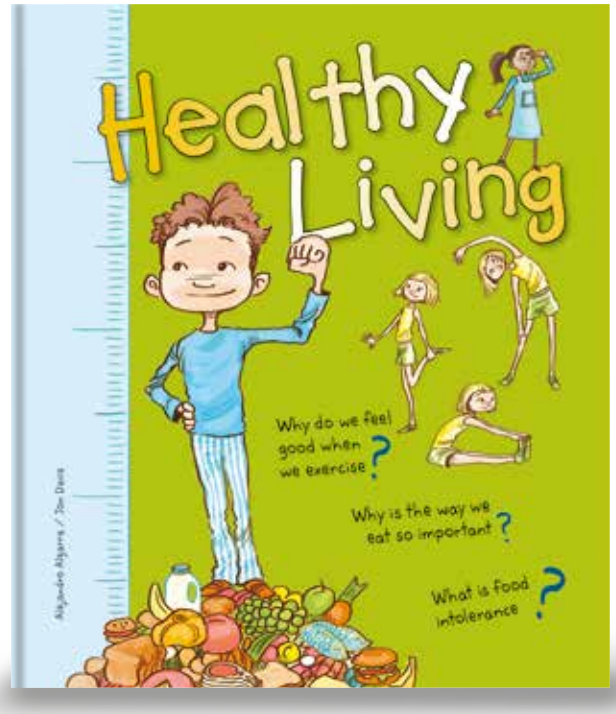
46 simple ways to protect the Earth and its future

TAKE ACTION!

SEE BOOK TRAILER

Healthy living



It's important to take care of yourself! Dental hygiene, exercise, sleep, and a balanced diet are just some examples you'll find in this book, packed with useful tips and colorful illustrations to help you to lead a healthy life.

96 full-color pages **210 x 240 mm** Hardback / paperback **6 years and up**

Healthy habits

These four stories feature the Chiminis, fictitious forest-dwellers as tiny as a pinecones. In each story, one Chimini has an adventure and the story highlights a topic: the importance of hygiene, good diet, exercise and general health advice.
